## ABOUT ME

Passionate front-end developer with a strong foundation in HTML, CSS, and JavaScript, along with modern frameworks like React, Tailwind CSS, and Bootstrap. I specialize in building clean, responsive, and accessible user interfaces. I'm comfortable using Figma for design collaboration, managing code with Git, and deploying projects with Netlify. I enjoy translating ideas into fast, user-friendly web experiences.

## EXPERIENCE

**Freelance** — 2024 - PRESENT
Front-End Developer

- Built responsive websites using React, Tailwind, and Vanilla JS
- Integrated Supabase for authentication and image uploads
- Designed reusable UI components and deployed apps with GitHub, Netlify

**Work Study Student** — 2023 - PRESENT

- Gained hands-on experience in web projects and networking
- Focused on logic, teamwork, and technical problem-solving

## EDUCATION

**National Higher School of Telecommunications and ICT, Oran** — 2023 - 2027
2nd year

- Focused on networking, information and communication technologies (ICT), programming, and systems engineering.
